

Introduction to Parametric Feature-Based CAD

Digital Design and Fabrication (inf175)

Media Informatics and Multimedia Systems
Juliusz Wojtyga

There is no class taking place on 18/06/2026.
However, we require you to complete the
Introduction to CAD online course via the following
link:

<https://learn.onshape.com/learning-paths/introduction-to-cad>

Onshape is a free, cloud-based, parametric CAD system.
Please create an account using your university email
address.

The following three courses must be completed:

Introduction to Parametric Feature-Based CAD

15 min

Introduction to Sketching

1h

Introduction to Part Studios

2h

Introduction to CAD

Introduction to Parametric Feature-Based CAD

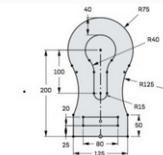

Course

| Self-Paced

An introduction to the principles of modeling in a parametric feature-based CAD system.

[View Details ↗](#)

Introduction to Sketching

Course

Learn the basics of sketching in Onshape

[View Details ↗](#)

Introduction to Part Studios

Course

| Self-Paced

Become familiar with the tools within Onshape's modeling environment.

[View Details ↗](#)

You must upload a screenshot of your training dashboard showing that you have completed all three courses to GitHub by 16:00 on 23/06/2026.
